

# SCAFFOLDING

# P6

Utility Plus

- Aluminium DIY scaffolding.
- Quick assembly.
- Very solid and compact thanks to the expansion fastening system, actioned by long levers.

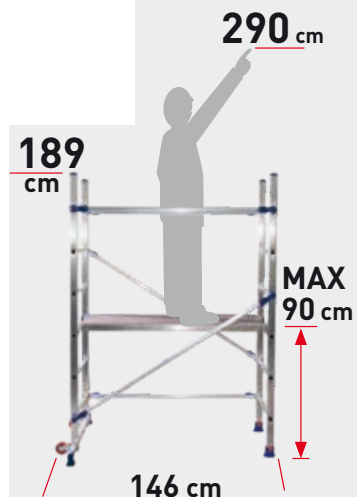

- Anti over-tuning hooks on the platform.
- The base is composed by stabilizing bar equipped with inactive castors and big anti-slip feet.

**SAFETY:**  
anti-overturning hooks

Stairwell position.  
The diagonals hook on one side only
